

Sunday May 26th Kid's Page

Holy Trinity Sunday

What we learn about God: Today we are learning about the Holy Trinity. We hear about parts of the Trinity all the time: the Trinity are the 3 people that are our God. Which is really hard to understand that 3 persons make 1 God—God the Creator, God the Son (Jesus!), and God the Holy Spirit. Today we remember that God is soooo big, sooo much bigger than we are and sometimes there will be things about God that we cannot understand. But what we can understand is that God—Creator, Son, and Holy Spirit—all come to us to show us God's love in different ways.

Activity: Think of 3 people in your life who love you very very much and are really important to you. Have you thought of them? Great! When you think about it, they probably don't love you in exactly the same way. Just like God shows up to love us in different ways. Below you have 3 picture frames to draw yourself with the 3 people you've thought of and show a way they show you love in the picture. You can then share these pictures with those people and remind them that you love them too. Use these a reminder that God shows up to us and loves us in different ways and no matter how God is showing up—its really important to remember that God is showing up to love us every day!
